R.C.169935/49 X.1. dated 8-5-1950.

42339

Sir,

Sub:- Prohibition - Amelioration - employment of ex-tappers - South Kanara district - tapping of cocoanut trees for sweet juice for jaggery manufacture - extension of concession - to certain areas permission requested.

FIRST ASST. SECRETARY TO GOVERNMENT
13 MAY 1950
DEVELOPMENT DEPARTMENT

Ref:-1.G.O.No.Ms.2893 Revenue dated 29-11-1947.
2.My letter No.R.C.31004/49 X.1 dated 7-10-49.
3.G.O.Ms.No.729 Development dated 24-2-1950.

On a representation received from the Billava Union for the formation of cocoanut jaggery manufacturing cooperative societies in Vandse and Coondapur Firkas in Coondapur taluk in the South Kanara district, the Special Development Officer examined the question and has reported that the area covered by these two firkas will be too extensive extending beyond 5 miles width of Coondapur Taluk (i.e.) the limit permitted by Government in their order 1st cited for the formation of the societies. It is however reported that a large number of cocoanut tree tappers live in Shiroor and Paduvari villages in the extreme north of the taluk and in Padukone and Coondapur villages in the south of the taluk and that there are 50 tappers at Shiroor and Paduvari, 40 tappers at Padukone and 45 tappers at Coondapur village. The tappers in these villages are very keen in continuing their age long profession of manufacture of jaggery and there is said to be a great demand for jaggery in these villages. There will therefore be no difficulty in marketing the jaggery produced. It is reported that the societies, if formed in these villages, will work successfully. These villages are however outside the 10 miles strip permitted by Government in their order first cited for the formation of the societies, though they are within the 5 miles width.

2. In this connection I invite a reference to my letter 2nd cited wherein, while reporting to Government regarding the feasibility of extending the concession of tapping of cocoanut trees for sweet juice for the manufacture of jaggery throughout the districts of Malabar, Coimbatore and South Kanara, I stated in respect of South Kanara district, that though it was not necessary to extend the concession throughout that district, I would permit the formation of cocoanut jaggery societies in select centres in the district wherever there was a real demand for such societies and where they had chances of working successfully without affecting the enforcement of Prohibition. I have not received Government orders on this point. The Special Development Officer, South Kanara now reports that the Collector, the District Prohibition Officer and the District Prohibition Advisory Council whom he consulted in the matter have agreed to the societies being formed in the three centres viz.Paduvari including Shiroor villages, and Coondapur of Coondapur taluk. In the circumstances, I request that Government may be pleased to extend the concession of tapping of coconut trees for sweet juice for the manufacture of jaggery in the above 3 centres. I also request Government to permit me to form societies in other centres also in the district if there is a real demand for them, if there are chances for their successful working

P.T.O.

and if the District Prohibition Advisory Council is also in favour of the societies being formed in such centres, I request early orders.

for Registrar.

From

Sri V. krishnamurti, B.A.,
Assistant Secretary, Board of Revenue (Excise).

Sri V.N. Kudva, I.C.S.,
Member, Board of Revenue and Commissioner of Commercial Taxes.

RESOLUTION:

The Board called for the remarks of the Collector, South Kanara, Deputy Commissioner of Prohibition (Enforcement), South, and District Prohibition Officer, South Kanara on the proposa of the Registrar of Co-operative Societies to extend the concession of tapping cocoanut trees to the villages of Shiroor, Paduvari, Padukona and Coondapur. All of them have reported that Shiroor village is situated on the borders of this State adjoining North Kanara District of the Bombay State with facilities for commission of offences and that it is not desirable to permit cocoanut tapping in that village. They however, agree to the extension of concessio of tapping cocoanut trees to the other 3 villages. The Board agrees with them and requests that the Government may be pleased to accord permission to tap cocoanut trees for sweet toddy for the manufacture of jaggery in Paduvari, Padukona and Coondapur Villages of Coondapu Taluk.

As regards the grant of a general permission to the Registrar of Co-operative Societies to allow cocoanut tapping and form jaggery societies in other Centres of the District, the Board considers that it is not advisable to grant such a permission in the interests of the enforcement side of Prohibition. Unlike palmyras, cocoanut tapping can be used for purposes other than drawing sweet toddy. In this connection, the Board invites the attention of the Government to its Resolution D.No. 2443/Pro. dated 14.12.49 to Government, Development Department (copy enclosed) and submits that the view expressed in respect of Malabar District on the question of extending the concession of cocoanut tapping, holds good for South Kanara District also.

Copy of Board's Proceedings D.No. 2443/Pro/49, dated 14.12.'4

Sub:- PROHIBITION - Amelioration - employment of ex-tappers - Malabar District - tapping of cocoanut trees for sweet toddy for jaggery manufacture - extension of the privilege to the entire District - Proposals.

Read: Government, Development Department, Endorsement No. 100148-B.I./49-2, dated 31.10.'49.

The Board submits that while the representation of the tappers to permit them to tap cocoanut trees throughout Malabar District is to be given due consideration with a view to provide them with employment, care has to be taken that such wholesale concession does not endanger the successful enforcement of Prohibition. Though the Special Development Officer, assures that when the concession is extended to the entire area of the District he would select the centres for cocoanut tapping only with the consultation of the District Prohibition Officer, at times the latter will be put in a very embarrassing position if he does not agree for allowing it in a particular centre in the interests of the enforcement side against the will of the Special Development Officer and tappers. Therefore, in the interests of smooth administration of both amelioration and enforcement branches the Board considers that it is not desirable to extend the concession to tap cocoanut trees throughout the District. The Board has, however, no objection to extend the scheme to the centres which have easy access and where cocoanut trees grow in abundance.

Reference:

The Board invites the attention of the Government to G.O. Ms.No.2974-Development dated 31-7-50 in which sanction was accorded for the tapping of Cocoanut trees for sweet toddy for jaggery manufacture in Paduvari, Padukona and Coondapur villages of Coondapur Taluk. The Government agreed with the Board that the concession need not be extended to Shiroor village on the ground that it is situated on the borders of this State adjoining North Kanara District of Bombay State with facilities for commission of offences. On a representation from the Ex-tappers, the Deputy Registrar of Co-operative Societies again examined the question of extending the concession to this village and recommended to the Collector the grant of concession. The District Prohibition Officer who was consulted in the matter, expressed that no crime was committed by the existing licensees of Paduvari society and that the tapping of cocoanut trees might be permitted in Shiroor village as a temporary measure . The Collector agreed with the District Prohibition Officer and supported the proposal of the Deputy Registrar. The Registrar of Co-operative societies has also supported the proposal (copy enclosed).

2. In the meantime, the Collector has submitted another proposal for extending cocoanut tapping to Basrur village of same taluk. This village is reported to have been classified as one of the black list villages. But after introduction of Prohibition, only a few cases have been reported in the locality ie. two in 1948, six in 1949 and two in 1950. In the current year, no case has so far been reported. The habitual offenders numbering about four or five are reported to have given up Illicit Distillation. About 60 tappers seem to be without employment on account of non-availability of Palm trees. In these circumstances, the District Prohibition Officer has no objection to the concession of Cocoanut tapping being extended to Basrur village. The Commissioner of Prohibition visited the area recently and made local enquiries. He is of opinion that the concession may be extended to the two villages inquestion. The Board therefore requests that the Government may be pleased to permit the tapping of cocoanut trees for sweet toddy for jaggery manufacture in Shiroor and Basrur villages of Coonadapur Taluk.

DEVT.(S)DEPT.

Cmis. 33047 DS/50

Sub: Prohibition - Amelioration - South Kanara District Employment of ex-tappers - tapping of cocoanut trees for sweet toddy for jaggery manufacture - Extension of concession.

Ref; From the R.C.S. Letter No.R.C.169935/49 K1 dated 8-5-50.
From the Board of Rev. D.No.1535 Pro/50 dated 29.6.50

Please see the R.C.S's reference on pp.1-2 c.f. and the Bd's resolution on P.5 c.f.

The R.C.S. has submitted a proposal for the extension of the privilege of tapping cocoanut trees for sweet juice for jaggery manufacture permitted in selected areas in the S. Kanara Dt. to the three centres of Paduvari including Shiroor Village, Padukone and Coondapur of Coondapur taluk. In G.O.Ms.2893 Rev. dated 29-11-1947 Govt. permitted the tapping of cocoanut trees for sweet toddy for the manufacture of jaggery in selected centres in S. Kanara dt. viz. a fourteen mile length between Nalleshwara and Hosdrug and five miles inland and a similar extent between Udipi and Coondapur in S. Kanara dt. ~~The R.C.S. has now reported that the area covered by the centres now proposed will be too extensive extending beyond 5 miles width of Coondapur Tk.~~ The villages mentioned at X above lie outside the above limits. It has been reported that there are 50 tappers at Shiroor and Paduvari, 40 tappers at Padukone and 45 tappers at Coondapur Village and that they are very keen in continuing their age-long profession of manufacture of jaggery.

The Bd. of Rev. has in this connection reported that Shiroor Village is situated on the borders of this state adjoining North Kanara dt. of the Bombay State with facilities for commission of offences and that it is not desirable to permit cocoanut tapping in that village. However it agrees to the extension of concession of tapping cocoanut trees to the other three villages viz. Paduvari, Padukone and Coondapur villages of Coondapur tk. As regards the Registrar's proposal for the grant of a general permission to allow the tapping of cocoanut trees for the manufacture of jaggery in other centres of S.Kanara

16/2047 Dwr 2047 /50

district, the Bd. considers that it is not advisable to grant such a permission in the interests of the enforcement of Prohibition. In the circumstances, it is for orders whether the Board's proposal may be accepted and orders issued accordingly.

Sub: Prohn. - Amelioration - S. Kanara dt. - Tapping of Cocoanut trees for sweet toddy for jaggery manufacture - Extension of Concession to Shirvar & Basrur Urges. - Request.

Ref From the Bd. of Rev (Exn) C.R. No. 11707 - Abk/51-XA1 dt 25 5 51

Please see the Board's reference cited in P1 Cf

The Concession of tapping Cocoanut trees for sweet toddy for jaggery manufacture is now allowed only in some selected Centres in S. Kanara dt.

While recommending the extension of this Concession to some Centres in the Coondapur taluk, the Bd. of Rev. (Exn) reported in last June that this Concession need not be extended to Shirvar Urge which was situated in the borders of this State adjoining Bombay state with facilities for Communication of Offences. However for the reasons now given at the R.Cs. in para 1 and 2 of P1 Cf the Board have recommended that this Concession may be extended to Shirvar Village. The Board has also proposed that for the reasons given in para 2 of its reference at P1 Cf this Concession may be extended to another village by name Black list Village - the Basrur Urge However. The Remarks of the R.Cs. do not

appear to have been obtained in the matter. However in view of the Board's recommendation the remarks of the R.C.S. seems unnecessary. In the circumstances it is for orders whether the concession of tapping Co.coanut trees for sweet toddy for the manufacture of jaggery may be extended to the Shiroor & Basrur Villages of Coondapur taluk. Subject to orders a draft and memo is submitted below for approval.
